unique in its architecture and extraordinary dimensions. Its exceptional location in the heart of the royal city of Rabat, in its most private and sought-after neighbourhood, makes this property a secure investment for the long term. The property is spread over two buildings and stands on a 4,500 mÂ² plot with triple access and a frontage of over 50 m. There is a main entrance on the street and another, more discreet and private entrance on a one-way alley behind, allowing you to come and go without being seen. The first building comprises a triple Moroccan living room and dining room for entertaining, and opens onto a courtyard surrounded by columns and a magnificent swimming pool. Finally, there is a main riad with an indoor swimming pool, designed for entertaining or relaxation. Upstairs in this riad, there are five suites, all with dressing rooms and bathrooms. Outside, a more modern apartment completes this property. As part of a commercial activity, it is possible to very easily increase the accommodation capacity.
